

2018 PICTURE SCHEDULE

Please have your child at the studio promptly at their scheduled photo time in costume with hair and make up done. Hair should be pulled back into a neat bun at the back of the head or in one or two french braids with the ends of the braids pinned up. Make up is optional. Students with shorter hair should pull it away from their face with neutral colored bobby pins or barrettes. Bangs are okay. There is no need to slick or pin bangs back.

If you have multiple classes, please read the schedule carefully to determine which costume to wear first. Please do not put on headpieces or other accessories until you arrive at the studio. We will put these on the whole class together so we can agree on a uniform look.

Costume Notes

Some costumes will require minor alterations such as tacking tutus or skirts to leotards, shortening, lengthening or attaching straps, or shortening pants. Please have your child try on the costumes and check

them for anything that needs to be adjusted BEFORE picture day. If you are not sure about any alterations to your dancer's costume, please speak to Miss Carrie. Check the size chart on the back of your tights to be sure they are the correct size for your child.

Hang costumes in a safe place and don't forget to keep all accessories with the costume. We suggest putting any headpieces or other accessories in a ziploc bag and safety pinning the bag directly to the costume. Please write your name in your child's costume (they all have a tag somewhere in them).

Please arrive at the START time of your class' picture time block dressed in your costume with make-up and hair done!

We will not hold the class picture for late students.

~ This will help keep us on schedule.

THANK YOU!
